BEAN PROJECT**  
where a woman earns her future

**REAL WORK.  
REAL FOOD.  
REAL PROMISE.**

# It's time for a refresh!

Twenty-seven years ago, Women's Bean Project was founded with a simple idea: that teaching women to work while actually working was the cure for poverty. The reaction from our community when we started was interest in the novelty of what we were doing, but little belief we could make much of it.

In the beginning, we were a mission that happened to have a business. As a business we were always at risk of not being able to fulfill orders, of losing money, of making big and costly mistakes. But being a mission with a business wasn't sustainable. We had to become a **real** business, with an infrastructure, documentation and protocols. We've had to learn to take the business just as seriously as the mission. And because at that time there weren't many other groups running social businesses, we had to invent ourselves.

This transformation taught me that the more we treat ourselves like a business – the more we require the systems that it takes to operate a multi-million dollar consumer packaged goods company – the more the phone rings with prospective partners interested in carrying our products, and the more there is acceptance and momentum for what we do.

**Our increased focus on running a better business has also allowed our mission to grow.**

By being clear that **sales create jobs**, we can translate for our retail partners the number of additional women their orders have helped to employ.

We have accomplished all of the above while also demonstrating some of the best social outcomes in the country. From program graduation, to job placement and job retention rates, the results our women are achieving far exceeds our peers in transitional employment. And so it is from this position of strength that we are doing a refresh!

Watch for new products and an updated look and feel of our packaging in the next year, and let us know what you think!

Tamra Ryan, CEO

*"I am a mother of two grown sons and a woman who has overcome long-term incarceration and wanted to find some stability and resources that would help me become self-sufficient. Because of the Bean Project, I have stability and accountability to myself and feel a sense of accomplishment coming to work every day."* Kelley, Graduate

*"Everything about the program sounded like it was speaking just to me. I knew I needed to learn better job skills and to work on areas of my life that were holding me back, like my self-esteem. My goals for the future are to get a permanent job and have the stability I need for myself and my son so that I can get off of food stamps. Women's Bean Project has given me hope and self-worth."* **Keba, Current Participant**

## Malaysian Meatballs

Makes 24-36 meatballs depending on size.

### INGREDIENTS

- 2 lb. bag meatballs (traditional, gluten-free or meatless)
- 1 jar mixed fruit preserves (13 oz)
- 1 bottle Heinz chili sauce or preferred brand (12 oz)
- 1/2 package Women's Bean Project Malaysian Spice Blend (2 tbsp)
- 1/2 cup broth (low-sodium chicken, vegetable or mushroom)

### INSTRUCTIONS

- Step 1:** Mix Malaysian blend with broth until combined, set aside.
- Step 2:** Add meatballs to slow cooker, add chili sauce and fruit preserves, and pour Malaysian sauce on top. Stir until all meatballs are coated.
- Step 3:** Cook on low for 4-5 hours, stirring occasionally.
- Step 4:** Serve and enjoy!

✧ BAKING MIXES ✧

# The joy of baking together.

Baking brings people together. It comforts, it entertains, it nourishes and delights. So what is it about baking that makes you feel so good?

**GOLDEN CORNBREAD [K]**

# OUR GUIDING PRINCIPLES.

## ★ OPPORTUNITY

We help women help themselves. We provide opportunities for our program participants to discover their talents and develop skills to join the workforce and build a better life.

## ★ SERVICE

We strive to “do well by doing good.” We are a social enterprise that believes it is a basic human right to live a stable, healthy life. We serve our supporters, partners, participants and communities by delivering quality products with innovation and efficiency.

## ★ TRANSFORMATION

Our efforts transform more than the individual woman. The seeds of hope in one woman weave threads of success that expand to families and communities with a reach that touches individuals worldwide. From program participants and vendors to customers, donors and volunteers, their transformations make a difference.

## ★ EMPOWERMENT

Using the tools we provide, women are empowered to change their lives. Our supporters are empowered with the knowledge that they have contributed, not only to the self-worth and self-sufficiency of women with barriers, but also to the broad-reaching benefits our communities reap.

## ★ SUSTAINABILITY

Instead of a one-time handout, women acquire the tools needed to sustain themselves and their families for a lifetime. We believe in nurturing economic sustainability for our program participants and partners, being ever-mindful of our impact on the environment.

*"Prior to Women's Bean Project, I spent time in prison and years not working while relying on welfare to support me and my 3 boys. Since graduating the Bean Project, I manage being a mom while working full-time and attending college as a part-time student studying for my BA in Human Services. I have received several promotions at work and have full health benefits and paid time off. I'm also enrolled in a home ownership program to help fix my credit and save money to purchase a home of my own. Responsibility for my life starts and ends with me and I'm so grateful for Women's Bean Project believing in me." Shaundra, Graduate*

*"I was on the road to a destructive life and eventually was caught driving without a license several times and sentenced to a halfway house, which is where I first learned about Women's Bean Project. My life is different today because the Bean Project gave me the resources to better my life through steady employment, transportation and housing. They have taught me the skills I need to live a more productive lifestyle. I served my sentence at the halfway house and now live on my own and have reunited with my children and grandchildren. I am enjoying the little things in life that are so important, like helping my granddaughter with her homework, and that means a lot."* Renee, Graduate

*"I had just received a charge when I found out about Women's Bean Project. It was great to find a place where I could work on myself and focus on what I needed to do for the future. The Bean Project helped me work on some personal goals and was flexible with my probation. Financially, I am now in a better place and feel more confident. While at the Bean Project, I decided to go back and finish my college degree in Criminal Justice and am now at a better place in my life than I've ever been." Stephanie, Graduate*

**THE THIRD LAW BOOK BY CEO TAMRA RYAN**

According to Newton's third law of motion, for every action there is an equal and opposite reaction. The Third Law shows us that even as women work to change their lives there are forces pushing back on that change, societal obstacles that must be overcome and internal demons that must be squelched. It explores what is required for chronically unemployed and impoverished women to create new lives for themselves. Most of all, the book argues for a more compassionate view of recovering addicts, convicted felons, and victims of domestic abuse. #BOOK01 \$14.95

## Inspiration Collection

The women in our program inspire us every day and serve as the inspiration behind this line of necklaces. Two lead-free pewter pendants hang from a delicate ball chain. Raised on the back of each pendant is the Women's Bean Project bean logo. A different colored Swarovski crystal bead accents the piece.

Pendants and chain are manufactured in the USA. Each necklace is lovingly handmade by women working to create a new future for themselves. Hangs approximately 12.5 inches.
