

Women's Bean Project | Capital Campaign

Ways to Give

- **Cash Gifts**
 - This is the most common way to make a tax-deductible gift, paid over 3-5 years.
- **Gifts of Securities**
 - A gift of appreciated securities is a way to make a significant contribution at a reduced cost. Federal tax laws allow a charitable deduction for the full market value of securities on the date of your gift.
- **Donor Advised Fund Distributions**
 - Recommending a grant from your donor advised fund may be an efficient way to support the campaign. Grants may be recommended over single or multiple years.
- **IRA Charitable Distributions and Rollovers**
 - If you are 70 ½ years or older, this method of giving allows you to make an easy and convenient gift that is excluded from your gross income and counted toward your required minimum distribution. In 2020, your gift does not have limitations. Giving post-2020 may not exceed \$100,000 and must be distributed directly to Women's Bean Project.
- **Matching Gifts**
 - Consider inquiring about your company's ability and willingness to match your personal philanthropy. The participation of your employer could dramatically increase the impact of your gift.
- **Bequests**
 - Bequests are simply a provision in your will to leave a gift to Women's Bean Project. Charitable bequests are fully deductible from your estate and can significantly reduce estate taxes. Due to the nature of these gifts being for the future, they may support the on-going mission of Women's Bean Project rather than the campaign.
